## ABOUT ME

I'm Alessandro Rizzello, a 27 years old cinematographer, camera operator, Blackmagic Design's certified colorist from Pisa (Italy).
I've worked on several projects including short films, music videos, documentaries, events and commercials.
I have my own kit of equipment including cinema lenses, anamorphic lenses and lighting so that I can support small to medium productions all by myself.
My dream now is to move abroad, I always loved Scandinavia and I would love to continue my journey around the world!
