## ABOUT ME

My Name is Noa Boucquillon, I'm from Belgium but I lived in Italy since I was a child. I am glad to say that my passion is also my job, I'm a photographer and cinematographer. I did a Cinema Academy in Italy that I've finished in 2023, at my last year I won the Best Photography for a short movie we made for our graduation. During the Summer 2023 I had the pleasure to work with Lavinia Andreini, an incredible Director with whom I realised "The Pursuit of Beauty" that is gonna get me to Cannes Festival in May 2024. This short movie was also selected to participate at "VS OSCAR QUALIFYING PROGRAM 2023" and showed at the LUMIERE MUSIC HALL in Beverly Hills, Los Angeles.

I'm looking forward to all the new projects and continue to travel around the world as one of my other goals would be to work in the Documentary field.
